Celebrate Midsummer the Finnish way at Red Sugar

We can't wait to travel again, but why not enjoy all the fun of Finland's festive summertime holiday right here and now?

Experience a delectable taste of Nordic culture through July 24 at Red Sugar at [Kerry Hotel Hong Kong](#), where Midsummer-inspired bites and cocktails let you nibble and sip just like a Finn.

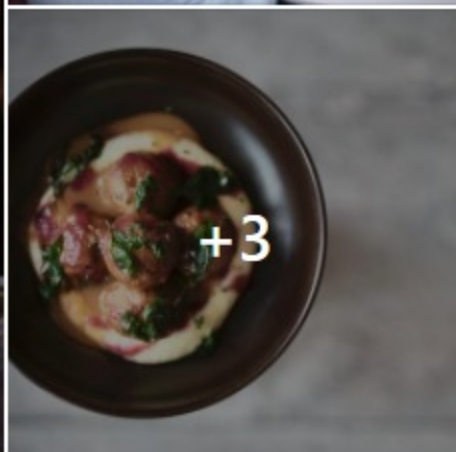

What could be more authentic than Nordic Pork and Beef Meatballs, perfectly complemented by sour cream, whipped potato, and summer berry jam?

And Red Sugar deliciously transforms Finland's favorite salmon soup into Lohikeitto Croquettes, made with sugar-cured salmon, leek-and-potato chowder, and salmon roe caviar.

For a bracing cocktail, try Gin & Mary, with the unique smokiness of Terwa Pine Tar Liqueur from Aqua Nordics. The Lonkero is a fruity refresher, a mix of Ägräs Gin and LIKÖ Wild Arctic Cranberry Liqueur.

On weekends on the terrace, try your hand at MÖlkky, Finland's popular throwing game. And hurry in for a limited supply of Midsummer souvenirs, sponsored by Finnair, Food from Finland, and the Hong Kong MÖlkky Association.
